

Symposia schedule IALE 2022 European Landscape Ecology Congress

	1	2	3	4	5	6
Monday 11 July 2022						
11:30-13:00	N6 <i>Walz & Jaeger</i> Assessing and monitoring connectivity restoration and conservation at local and regional scales	P1 <i>Niedźwiecka-Filipiak, Raszeja Młynarczyk, Kłopotowski & Ozimek</i> Assessing intangible landscape values for landscape planning and design [part 1]	R1 <i>Muñoz-Rojas, Smith-Dumont & Pinto-Correia</i> Landscape Approaches in the Mediterranean region – bridging landscape science and practice	F4 <i>Cushman & Kaszta</i> Integrating landscape science into development, conservation and natural resources planning	A4 <i>Rolf & Grädinaru</i> Productive urban landscapes – benefits, co-benefits and new modes for planning	U1 <i>van Vliet & Inostroza</i> Landscape changes in times of urbanization: processes and projections
14:00-15:30						
15:45-17:15			R3 <i>Wild, Naumann, Amaya-Espinel & Ruiz Rios</i> Latin American and European cities: partnership approaches to co-producing nature-based solutions			
Tuesday 12 July 2022						
13:30-15:00	N1 <i>Fürst, Inostroza, LaRosa & Spyra</i> How to develop a "successful" environmental governance for the protection of biodiversity?	P1 <i>Niedźwiecka-Filipiak, Raszeja Młynarczyk, Kłopotowski & Ozimek</i> Assessing intangible landscape values for landscape planning and design [part 2]	H1 <i>Svenningsen, Kaim, Levin, Groom, Ostafin & Munteanu</i> When history meets future – future challenges for historical landscape research	F3 <i>Loupa-Ramos & Rolf</i> Green Infrastructure as socio-ecological systems: governance for the common good	A2 <i>Quintas Soriano, García-Martín, Torralba & Plieninger</i> Novel perspectives on traditional agricultural features, structures and practices promoting landscape sustainability	U3 <i>van Lierop, Hansen & Pauleit</i> Tools for co-governance of nature-based solutions for sustainable cities
15:15-16:45		D2 <i>Álvarez-Martínez & Alfaro</i> Towards a dynamic assessment of habitats conservation status: from in situ data to Copernicus services				

Wednesday 13 July 2022						
10:15-11:45				F1 <i>Sobala, Badora, Myga-Piątek, Pukowicz-Kurda & Żemła-Siesicka</i> Future landscape development: forecast, visions and scenarios	E2 <i>Van Eetvelde, Rolf & Sant Anna</i> Teaching and learning landscape ecology and planning in times of growing uncertainties. Challenges ahead during and after the COVID-19 pandemic	U2 <i>Spyra, Ronchi & Cortinovis</i> Governance mixes for sustainable peri-urbanization: how can landscape ecology contribute?
12:00-13:30	D1 <i>Schultze, Asante-Yeboah, Kumar & Fürst</i> Big data science in social-ecological systems towards sustainable landscape management	D3 <i>Woźniak, Giamberini, Manakos & Pesquer</i> Earth Observation (EO) for ecosystem services monitoring	H3 <i>Zapłata, Lamentowicz, Stereńczak & Słowiński</i> The past as a source of knowledge, experience and a cause of change		A3 <i>Herzog, Kay, Danzinger, Zander Schuler, Wrška & Sepp</i> Defining a safe operating space for the future development of European agricultural landscapes	
14:30-16:00	N3 <i>Padoa Schioppa, Canedoli & Vogiatzakis</i> 'Half Europe': where and how can biodiversity conservation be achieved in the Anthropocene?			F2 <i>Grădinaru, Hersperger & Pierr-Daunt</i> Planning and policy approaches for future landscapes: learning from past experiences to develop novel pathways [part 1]	A1 <i>Diogo, Herzog, Pinto-Correia & Verburg</i> Finding future pathways for sustainable agricultural landscapes in Europe: concepts and empirical evidence in different European contexts [part 1]	M3 <i>Cieszewska, Rolf, Loupa-Ramos Carvalho Ribeiro, Van Eetvelde, Balon & Solon</i> Policy making for European landscapes
16:15-17:45						
Thursday 14 July 2022						
12:00-13:30	N8 <i>Azevedo, Pamukcu-Albers & Armenteras</i> Forest expansion, landscape dynamics and ecosystem services in Europe	P2 <i>Blanco, Renaud & Mariel</i> Approaches integrating ecosystem services and disservices in social-ecological landscapes to foster sustainability	N5 <i>Jaeger & Dramstad</i> Road ecology in times of rapid road construction: Recent advances and growing challenges	F2 <i>Grădinaru, Hersperger & Pierr-Daunt</i> Planning and policy approaches for future landscapes: learning from past experiences to develop novel pathways [part 2]	A1 <i>Diogo, Herzog, Pinto-Correia & Verburg</i> Finding future pathways for sustainable agricultural landscapes in Europe: concepts and empirical evidence in different European contexts [part 2]	U4 <i>Rolf & Loupa-Ramos</i> Multiple perspectives on Green infrastructure and Nature-Based Solutions
14:30-16:00
